*Computer Science Engineering Student interested in Machine Learning and Open Source Software.
Currently experimenting with Python and Golang*

EDUCATION

2017 - 2021

COMPUTER ENGINEERING, ST. JOHN COLLEGE OF ENGINEERING AND
MANAGEMENT, PALGHAR

SKILLS

- Programming Languages: Python, Go
- Object Oriented Programming
- Linux
- SQL
- AWS
- Heroku
- Git, GitHub
- HTML, CSS, JavaScript
- Bootstrap
- Django, Flask
- Keras

PROJECTS

- **Human-like Image Captioning**

A machine learning based semantic description generation system trained using Keras on the MS-COCO Dataset. (GitHub: <https://github.com/teamfortyone/mscoco>)

- **BookSearchGo**

A simple search engine for books written in Go (GitHub: <https://github.com/funoctis/BookSearchGo>)

- **MUQuestionPaperBot**

A Telegram Chatbot to fetch previous years' Mumbai University Engineering Question Papers, written in Python 3. (GitHub: <https://github.com/funoctis/MUQuestionPaperBot>)
